Abstracts

FF packaged food recorded higher growth in 2021 compared to the previous year. FF milk has maintained its dynamism. FF milk continued to perform well. This has mainly been due to the launch of new products, mostly containing extra protein. Many consumers are becoming aware that increased protein intake from healthy sources can help lead to a healthier and slimmer body. In response to the outbreak of COVID-19, more consumers have become aware of their overall health and have therefore been purcha...
