Abstracts

Fragrances is seeing modest growth in the Middle East and Africa, albeit undermined by economic slowdown in core markets. However, demand for fragrances in the region has grown, in accordance with an overall positive trend in personal grooming, supported by rising brand availability and awareness. Gains are dependent on economic prosperity and rising levels of discretionary income however – threats to this can be expected to have a direct impact on demand, given fragrances are non-essential.

...

Euromonitor International's Fragrances in Middle East and Africa global briefing offers an insight into to the size and shape of the Beauty and Personal Care market and highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.
