## Abstracts

The COVID-19 pandemic significantly impacted fragrances, as the restrictions on movement and social gatherings limited occasions when people would typically wear fragrances. With consumers staying at home and many working remotely, there was also a reduction in the number of office workers who would normally wear fragrances to work, and the cancellation of social events meant fewer opportunities for people to use fragrances for special occasions. However, as the pandemic began to ease and restri...

Euromonitor International's Fragrances in Netherlands report offers a comprehensive guide to the size and shape of the market at a national level.
