Abstracts

Sustainability represents a major new growth frontier in pet care. This report explores the primary challenges and drivers that are underlying this global trend. It then develops a proprietary Pet Care Sustainability Index that uses three different indicator types to help measure market potential and identify “where to play”. It concludes by profiling a series of disruptive brands that are innovating around sustainability and uses these case studies to develop a “how to win” playbook.

Euromonitor International’s From Sustainability to Purpose: Mapping the Opportunity in Pet Care global briefing offers an insight into the development of the market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading and emerging companies and brands, offers strategic analysis of key factors influencing the market, including background information on pet population, pet ownership by household and prepared gap ratio. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Pet Food, Pet Products.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
