Abstracts

The increasing level of income in the urban areas of the nation's capital region encouraged real estate companies to build high-rise condominiums and housing projects that target middle-income buyers. During 2012, sales of these properties continue to rise in Metro Manila and nearby provinces of Bulacan and Cavite to accommodate the rising number of start-up families and young professionals seeking small housing units. These developments in real estate helped in boosting demand for furniture...

Euromonitor International's Furniture and Homewares Stores in Philippines report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
