Abstracts

Saudi Arabia continued to suffer from a housing shortage at the end of the review period, with an estimated shortfall of around two million homes. The lack of clear mortgage legislation also resulted in many consumers struggling to obtain their own homes with waiting lists for dominant mortgage lender, government-owned REDF, being long. This constrained growth for furniture and homewares stores, with many households being multi-generational and overcrowded. The government began to invest...

Euromonitor International's Furniture and Homewares Stores in Saudi Arabia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
