Abstracts

Furniture and homewares stores recorded 3% growth in 2012 to reach sales of €550 million. Growth was generated predominantly from the overall increase in unit prices. Comparing 2012 growth to the performance in the previous year, only a marginal improvement was recorded. In 2012 two stores closed leaving an overall 917 outlets still in operation.

Euromonitor International's Furniture and Homewares Stores in Slovakia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
