### **Abstracts**

Value sales of furniture and furnishings stores grew by 3% in 2011 boosted by the performances of chained operators which continued to open new outlets. Leading chains, such as IKEA, Castorama and But, continued to focus on low prices and to increase the space in stores allocated to products witnessing growing demand, such as kitchens.

Euromonitor International's Furniture and Furnishings Stores in France report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
