Abstracts

The surprising burning down of the largest and leading furniture and furnishings outlet in Israel, owned by Ikea, shortly after the second outlet was launched in Rishon Lezion, had a significant impact on furniture and furnishings stores in 2011. The burning down of Ikea's leading outlet occurred in February 2011; the first year of full activity of Ikea's two outlets, and was expected to increase Bronfman Group's leading advantage in the channel.
