## Abstracts

With e-commerce accelerating in the food industry at record speed, it is now undeniable that a key strategy to gain market share in the grocery retail industry is through online channels. This report focuses on what strategies food manufacturers should consider to improve their ability to reach and engage with customers across multiple online channels, including DTC models, social media platforms and all-in-one apps, as shopper expectations of the digital experience increase.

Euromonitor International's The Future of Food Retail: A Spotlight on E-Commerce global briefing offers an insight into to the size and shape of the Nutrition market and highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

**Product coverage:** Alcoholic Drinks, Fresh Food, Packaged Food, Soft Drinks.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
