Abstracts

Throughout 2020 and most of 2021, consumers in France were confined to their homes for extended periods of time due to the pandemic. Gardening emerged as a popular activity during this period, providing a source of pleasure and a way for consumers to connect with nature and alleviate stress. Many consumers began to view their gardens as an additional "room" or a sanctuary away from their indoor living spaces, leading to increased investment in this area. In 2022, even as COVID-19 cases decreased...
