Abstracts

Retail sales of gardening grew in 2022, but at a slower pace compared to the previous year. Polish consumers developed a liking for gardening during the pandemic, where entertainment outside of the household was limited due to home seclusion and the lockdown period.

Euromonitor International's Gardening in Poland report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth. It also identifies the leading companies and their brands, and offers strategic analysis of key factors influencing demand - from new product developments, consumer lifestyles, route to market and pricing issues. Forecasts to 2027 illustrate how market demand is expected to evolve in the medium-term

Product coverage: Garden Care, Gardening Equipment, Horticulture, Other Gardening, Pots and Planters.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
