Abstracts

This briefing examines the key recent developments in the baby food market. While the importance of the Chinese market, especially for milk formula, cannot be overlooked by global players, they face more challenging conditions amid a slowdown and greater competition. Premiumisation is set to be a key factor for growth in developed markets, while the robust performance of toddler milk formula encourages manufacturers to focus on widening their target audience to older children.

Euromonitor International's Global Baby Food Overview: Key Categories, Countries and Trends global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

Product coverage: Baby Food, Baked Goods, Biscuits and Snack Bars, Breakfast Cereals, Confectionery, Dairy, Ice Cream and Frozen Desserts, Oils and Fats, Processed Fruit and Vegetables, Processed Meat and Seafood, Ready Meals, Rice, Pasta and Noodles, Sauces, Dressings and Condiments, Soup, Spreads, Sweet and Savoury Snacks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
