## Abstracts

While growing interest in immune system fortification and good health practices reduce the overall prevalence of illness, climate change and pollution endanger respiratory health. These natural and man-made forces foment unpredictability in the respiratory remedies market, yet it continues to experience dynamic growth and innovation around the world.

Euromonitor International's Global Developments in Respiratory Remedies global briefing examines the size, growth trends and potential opportunities in the Consumer Health market. The strategic analyses include assessing the impacts of changing regulations, research breakthroughs and public health concerns on both the market and leading companies. Consumer attitudes towards the products and their personal healthcare needs are also explored.

**Product coverage:** Allergy Care, Herbal/Traditional Products, OTC, Paediatric Consumer Health, Sports Nutrition, Vitamins and Dietary Supplements, Weight Management and Wellbeing.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
