## Abstracts

Against a backdrop of tight global economic conditions, food packaging unit volume sales performed positively again in 2012. If the outlook to 2017 boasts a mix of sweet and sour tastes, positive prospects largely prevail, with mouth-watering opportunities in emerging markets and demand for higher value packaging in more mature countries.

Euromonitor International's Global Food Packaging: Mapping Opportunities to 2017 global briefing offers an insight into to the size and shape of the packaging market, highlights the effect of emerging geographies, categories and consumer trends on the packaging landscape. It identifies the leading pack types, offers strategic analysis of key factors influencing the packaging market - be they packaging innovations, consumption growth, category switching, economic/lifestyle influences, legislation or environmental issues. Forecasts illustrate how the market is set to change and criteria for success.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
