Abstracts

2016 saw a continuing uprooting of the received wisdom about the world's largest cigarette market, China, as its volume decline amplified to record levels in modern history. Ongoing decline continued in other regions with some major markets in the Middle East and Africa and Asia Pacific the only ones to see volume growth. Increasingly, focus is turning to alternative products, particularly the growth of heated tobacco which promises a longer-term future for the industry.

Euromonitor International's Global HDPE Bottles: Growth and Opportunities global briefing offers an insight into to the size and shape of the packaging market, highlights the effect of emerging geographies, categories and consumer trends on the packaging landscape. It identifies the leading pack types, offers strategic analysis of key factors influencing the packaging market - be they packaging innovations, consumption growth, category switching, economic/lifestyle influences, legislation or environmental issues. Forecasts illustrate how the market is set to change and criteria for success.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
