## Abstracts

Surfactants are an important ingredient in many beauty and personal care products, and to this end have maintained steady growth worldwide. However, the market in Western regions is very weak and in developing regions demand is dampened. There is still growth potential in many countries and in specialist applications. Market trends, including mildness, are having an impact on surfactants, but efficacy is still key. These trends and opportunities for the industry are discussed in this report.

Euromonitor International's Global Trends in Beauty and Personal Care Surfactants global briefing offers a comprehensive guide to the Ingredients market at an international level. It highlights the major drivers behind ingredient supply and demand, provides detailed analysis of the individual ingredient categories and the product categories they are used in. It also examines regional prospects, highlighting opportunities and challenges in ingredient usage.
