Abstracts

Classed by the World Economic Forum as the world's number one long term risk, water crisis is a key issue impacting on a huge number of businesses, from energy production, to agriculture, food production, apparel and heavy end use industries such as beauty and personal care, laundry detergent and laundry appliances. This report looks at how a range of companies are tackling this pressing concern, from supply chain management, to community initiatives and product innovation.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Product coverage:

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report

Identify factors driving change now and in the future

Understand motivation
