Abstracts

The development of the smart connected home will face many hurdles, not least the incredible scale and complexity involved in getting all its constituent parts to operate in unison. That said, the rewards for injecting “soul” into what are still currently very much mundane domestic tasks are potentially vast, but will require system thinking. AI is coming to tie this all together, offering both unparalleled levels of opportunity as well as challenges: It is about riding the wave or being wiped o...

Euromonitor International's “Gotta Have Soul”: The Connected Home, AI and Smart Systems Get an Injection of “Humanity” – Part II global briefing offers an insight into to the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces.
