## Abstracts

Indonesian public sector revenue expanded further in 2018, thanks to the growing economy, rising commodity prices, and higher tax compliance. During the year, the Indonesian economy benefitted from hiking capital investments, which were in part fuelled by major improvements in ease of doing business and the government's efforts via incentives such as the expansion of special economic zones. Additionally, increasing prices of major locally-extracted commodities such as crude oil and coal contribu...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Government and Membership Organizations market at a national level.
