## Abstracts

The industry showed signs of recovery in 2018, although the growth rate remained weak reflecting poor tax collection due to deteriorating economic conditions in Japan. The country's real GDP growth halved during the year, mainly due to weaker exports, which were reduced by lower international demand, especially from slowing China. The subdued exports led to slower increases in consumption and investment spending in the country, negatively affecting government revenues during the year. Government...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Government and Membership Organizations market at a national level.
