Abstracts

In 2022, though there was healthy growth in current value sales, constant value sales fell. The war in Ukraine had a negative impact, with the resultant energy crisis leading to soaring inflation and dampening volume sales. In addition, there was also a slight overall reduction in the number of grocery outlets. While small local grocers continued to account for slightly more than half of value sales, modern grocery channels continued to close the gaps, with supermarkets in particular accounting...

Euromonitor International's Grocery Retailers in North Macedonia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight.
