Abstracts

Violence and poverty are common in the cities of Central America, and Guatemala City often ranks among the worst performing metropolises in the region. Guatemala's civil war ended in 1996, but the city is still overwhelmed by neglect and the slum communities of the war refugees. On a positive note, the city has enjoyed a decade of positive economic growth and the sprawling malls, growing number of vehicles and infrastructure projects are signs of Guatemala City's potential.

Euromonitor's City Review report

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Cities market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;
