In 2017, salon professional hair care registered strong growth in value and the strongest growth in volume, becoming the best-performing category in hair care. Due to increasing average disposable income, more Estonians can afford salon professional hair care products. The biggest retailers have already reacted to this trend by introducing salon professional hair care products to the assortments in hypermarkets and supermarkets.

Euromonitor International's Hair Care in Estonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2013-2017, allowing you to identify the sectors driving growth. Forecasts to 2022 illustrate how the market is set to change.
