## Abstracts

Over 2023, headphones retail volume sales are expected to continue to grow, albeit at a slower rate as the transition to cordless models becomes more advanced. The main category, TWS earbuds, is set to remain the key growth driver. Indeed, in 2023, only TWS earbuds is projected to see positive retail volume growth, with the demand for wireless earphones continuing to slump and wireless headbands seeing negative growth for the first time in the review period. The average retail unit price is also...
