## Abstracts

Headphones moved back into growth in 2023 despite the continuation of economic problems. Foreign currency shortages imposed a heavy burden on this category, as virtually all headphones are imported into Egypt. Inflation and the weaker Egyptian pound have depressed purchasing power, with consumers prioritizing more essential products and downgrading from premium to mass headphones.

Euromonitor International's Headphones in Egypt report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.

**Product coverage:** TWS Earbuds, Wireless Earphones, Wireless Headbands.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
