## Abstracts

Retail volume sales and current value sales of headphones are set to continue to grow over 2023, and at their fastest rates of the review period. During 2020 and 2021, the demand for headphones was strongly supported by the fact that many more people were working or studying from home and falling back on the home for entertainment due to Coronavirus (COVID-19) restrictions. This reality outweighed the economic shock of the pandemic, which led many local consumers to reduce their discretionary sp...
