## Abstracts

Many companies in South Africa are adopting a hybrid working model, a trend that was facilitated by the COVID-19 pandemic. Such a development has boosted volume sales of headphone products, which saw continued growth in 2023. The main reason behind this increase in demand was the requirement for employees to equip themselves with the necessary tools to allow them to work from their respective homes, with minimal challenges and disturbances. Headphones are seen as a critical piece of equipment wh...

Euromonitor International's Headphones in South Africa report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
