Abstracts

Volume declines of health and wellness (HW) categories were tied to growing shortages of imported raw materials and packaging bottlenecks. Until 2010, the government was able to supply the need for packaging with imports. Nonetheless, a fall in international oil prices which translated into a fiscal revenue loss rendered the government unable to maintain import levels. Wheat-based and sugar-based products registered the worst retail volume growth rates in HW packaged food. Venezuelan consumers d...

Euromonitor International's Health and Wellness in Venezuela report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2013-2017, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2022 illustrate how the market is set to change.

Product coverage: Focus Categories by Key Functional Ingredients, Health and Wellness by Category, Health and Wellness by Type, Health Wellness by Prime Positioning.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Health and Wellness market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. With offices in London, Chicago, Singapore, Shanghai, Vilnius, Dubai, Cape Town, Santiago, Sydney, Tokyo and Bangalore and a network of over 800 analysts worldwide, Euromonitor International has a unique capability to develop reliable information resources to help drive informed strategic planning.
