## Abstracts

Hotels in Norway have upgraded their facilities in order to offer spa treatments to their guests or those who want just to have a spa treatment without using the accommodation. Spa facilities give hotel owners additional earnings independently of the season. The majority hotel/resort spas are present around different regions in Norway. The quality of hotel/resort spas is often higher than regular hotels which do not offer spa facilities.

Euromonitor International's Health and Wellness Tourism in Norway report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth.
