Abstracts

Trade sources note a deliberate and ongoing need to remain innovative in the attraction and retention of consumers in 2013. This is leading to what players report as a gradual movement away from spa orientation to a more all-inclusive wellness orientation. An all-inclusive wellness orientation can include interrelated aspects such as exercise/training, nutrition, advanced beauty and alternative health care, and the merging of all of these elements with medical practices.

Euromonitor International's Health and Wellness Tourism in Sweden report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2018 illustrate how the market is set to change.

Product coverage: Medical Tourism, Spas.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
