## Abstracts

COVID-19 will not have a significant effect on growth in current retail value sales of herbal/traditional products in Bosnia and Herzegovina during 2020. Sales growth did slow during the spring due to heightened economic uncertainty, as these products are not considered to be essential by most consumers. But this effect was only temporary, with sales rebounding strongly later in the year. Long-term growth in herbal/traditional products continues to be driven by consumers seeking “natural” soluti...
