Abstracts

H&M confronts challenging times due to unprecedented inflation and a global cost-of-living crisis, forcing consumers to rethink their discretionary expenses. Moreover, a sluggish economic recovery in China, coupled with the loss of the Russian and Belarusian markets, exacerbates the obstacles. To tackle these issues, H&M is expanding into new markets, such as Latin America, while diversifying its offerings to include second-hand clothing, plus-sized items, and sportswear.

Euromonitor International's H&M Hennes & Mauritz AB in Apparel and Footwear (World) Company Profile offers detailed strategic analysis of the company's business, examining its performance in the Apparel and Footwear industry. The report examines company shares by region and sector, product developments, market and distribution strategies, challenges from the competition and future prospects. Use it to understand opportunities and threats facing the business and the factors driving success.

Product coverage: Apparel, Footwear, Sportswear.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
