Abstracts

The Holstein Milk Company plans to increase its production of fresh milk from 9,000 litres to 15,000 litres per day and hoped to realise it by March 2016; once that target is reached it will build a milk processing plant in Muadzam Shah in Johor. The company promises to deliver consumers the highest quality of dairy products without adding any preservatives, stabilisers, milk solids or powder and to continuously invest in people to innovate products that are able to satisfy consumers' needs.

Euromonitor International Local Company Profiles are a concise set of briefings detailing the strategic direction taken by a company. Discover key contact details, the company background and their competitive positioning through this collection of snapshot company profiles.
