## Abstracts

Retail current value sales of home care rose in 2023, underpinned by the effects of an inflationary climate on retail selling prices. Higher prices enabled players to drive current value growth amid the general downward trajectory of home care retail volume sales. With all categories having registered retail volume sales declines in 2022, only toilet care and surface care posted positive demand growth in 2023. Players in these two categories enjoyed some success in developing new products offeri...

Euromonitor International's Home Care in Denmark market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.
