Abstracts

Overall home care in Hong Kong saw growth in current value terms in 2023, mainly due to the focus on a number of functionalities in products, such as antibacterial and deodorisation features, which added value to new product launches. Growth was primarily supported by innovations such as product formula upgrades and packaging design improvements amidst eco-friendly concerns. There were also several rounds of price adjustments, pushed by economic factors such as global inflationary pressure, alon...

Euromonitor International's Home Care in Hong Kong, China market report offers a comprehensive guide to the size and shape of the market at a national level.
