Abstracts

Overall home care recorded robust current value growth in North Macedonia in 2023, mainly as result of the impact of inflation and substantial unit price rises. In terms of volume sales growth, however, most home care categories saw stagnation or decline in 2023, with local consumers suffering squeezed household budgets and being forced to reprioritise their purchases.

Euromonitor International's Home Care in North Macedonia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.
