## Abstracts

Home care in Russia saw stagnating sales in volume terms in 2021, while rising unit prices helped the industry to record positive current value growth in this year. Many consumers were still spending more time at home than usual in 2021, given the continued presence of Coronavirus (COVID-19) in Russia, with hygiene and cleanliness still important issues. However, economic problems and, consequently, pressure on consumer purchasing power, which were already being seen prior to the pandemic, have...

Euromonitor International's Home Care in Russia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
