## Abstracts

After recording a clear spike in demand in 2020 with more time spent at home and heightened cleaning regimes due to the pandemic, home care sales in Western Europe have since struggled to record positive growth in either volume or real value terms. However, modest value growth was seen in 2023, albeit amidst an inflationary environment, with continued positive, if generally slow, value growth expected for the forecast period.

Euromonitor International's Home Care in Western Europe global briefing offers an insight into the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within home care, analyses leading companies and brands and offers strategic analysis of major factors influencing the market - be they new product developments, packaging/ format /ingredients innovations, economic/lifestyle/environmental influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Air Care, Bleach, Dishwashing, Home Insecticides, Laundry Care, Polishes, Surface Care, Toilet Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
