Abstracts

The increased incidence of remote/hybrid working that has resulted from the pandemic continued to bolster demand for home office furniture in Argentina in 2022. Remote working practices were widely adopted in early 2020 as part of the national effort to curb the spread of COVID-19. Having since come to recognise the advantages such practices can provide in terms of improved productivity, staff retention and cost savings, many employers have continued to allow employees to regularly work from hom...

Euromonitor International's Home Furnishings in Argentina report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth.
