## Abstracts

In 2012 Electra Consumer Products Ltd purchased the Ace brand, leaving the original name. The entrance of Electra Consumer Products to home improvement and gardening caused concern among competitors due to its size and strength, being already present in electronics and appliance specialist retailers. Meanwhile, 33 stores were opened in 2012, all by “other” players, taking the total to 2,438 outlets. This reflected a rise of 1%.

Euromonitor International's Home Improvement and Gardening Stores in Israel report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
