## **Abstracts**

All home insecticides categories witnessed a decline in volume sales in 2023 for the second year in a row. In both years, sales declined due to weather-related issues. In 2023, Argentina went through one of the toughest droughts in its history, which had already started in 2022. As a result, there were fewer mosquitoes around and the need for insecticides declined considerably. In 2022, the average temperature during winter months was lower and cold days started earlier than in previous years. T...
