Abstracts

The high inflation rate fuelled double-digit retail value growth for home insecticides, with consumers constrained budgets contributing to the strong growth of mosquito coils and other home insecticides in volume terms. These products are viewed by many as being essential home care, growing in popularity in rural and urban cities, particularly in the northern part of the country. However, spray/aerosol insecticides recorded a slight retail volume decline in 2023 due to consumers' low purchasing...

Euromonitor International's Home Insecticides in Nigeria market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
