Abstracts

All categories of home insecticides continued to see strong increases in retail volume sales in 2023, although insecticide baits remained negligible. This supported retail current value growth, which was made dynamic by high inflationary pressure on prices. The growth in the demand for home insecticides was primarily driven by the expanding middle-class consumer base and ongoing urbanisation trend in the country. The growing urban population's increasing disposable incomes contributed to a risin...

Euromonitor International's Home Insecticides in Pakistan market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
