Abstracts

The dominant format, spray/aerosol insecticides, continued to register the highest growth in retail volume and current value terms in 2023. This performance was driven by the enduring popularity, perceived fast and effective action and wide availability of these products. This format remained the go-to choice for consumers in Tunisia, supported by spray/aerosol insecticides being widely available and prominently featured in modern and traditional grocery retail channels. Companies active in home...

Euromonitor International's Home Insecticides in Tunisia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
