Abstracts

The rate of growth in retail current value sales of home laundry appliances accelerated once again during 2021 to reach its highest level in well over a decade. However, in terms of retail volume sales, the rate of growth was only marginally higher in 2021 than in the previous year. Most of the acceleration in the rate of growth in retail current value sales was driven by an acceleration in unit price growth, which reached its highest level since 2015. Increased shipping and raw material costs w...
