## **Abstracts**

In 2023, the home video category in India continues to grow in retail volume and current value terms, mainly due to the rising adoption of internet-enabled smart TVs. Factors such as increased affordability, rising internet penetration, the rollout of 5G networks and greater use of over the top (OTT) platforms continues to drive sales in home video. Intense competition between different television manufacturers has led to a flurry of launches in the budget price range, thereby prompting non-smar...
