## Abstracts

Home furnishings recorded a strong rebound in 2022, following the declining sales this category registered a year earlier. Consumers had been focusing on essential items in 2021, rather than home furnishing products such as indoor furniture, dining furniture etc, having become price-sensitive due to the economic instability brought about by the pandemic. However, despite high inflation over the course of the year, as the country emerged from the pandemic, consumers became more likely to spend on...
