Abstracts

COVID-19 had a significant adverse impact on home improvement during 2020 as restrictions on movement temporarily halted professional renovation and redecoration projects. Even after the measures were eased, some local consumers remained reluctant to have workers in their home due to the perceived risk of contracting the virus. The temporary closure of retail outlets also played a role, as did the economic shock of the pandemic, which led many local consumers to limit their discretionary expendi...

Euromonitor International's Home Improvement in Thailand report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth. It also identifies the leading companies and their brands, and offers strategic analysis of key factors influencing demand - from new product developments, consumer lifestyles, route to market and pricing issues. Forecasts to 2027 illustrate how market demand is expected to evolve in the medium-term
