Abstracts

Home insecticides had an unexpected boost from COVID-19 and it was the best performing home care product in 2020, in terms of current value growth. Despite steep price rises, there was also double-digit volume growth. The reason for the unexpected boost in home care insecticides was that many people flocked to their rural holidays homes in an effort to avoid crowded locations, due to COVID-19 and there are higher insect populations in the countryside. Also, the summer was humid and there was a l...
